

The Intrepid Foundation

Improving livelihoods through sustainable travel experiences.

Give today

We're the not-for-profit entity of Intrepid Travel, the global leader in sustainable travel.

We support local organisations around the world to improve the livelihoods of vulnerable individuals and communities through sustainable travel experiences. Our model is simple:

You donate

We receive money via donations and fundraisers

We give

We give 100% of that money directly to projects

You empower

Your gift empowers local communities around the world

[Donation counter]

Solidarity & Support for Ukraine

EMERGENCY APPEAL

Red Cross Ukraine Crisis Appeal

The escalating violence has deeply impacted the lives of hundreds of thousands of people. The scale of displacement in Ukraine could surpass anything that's been seen in Europe in recent decades.

The Red Cross is:

Offering emergency relief to people who are displaced such as shelter, health, water and sanitation.

Providing specialist aid workers to assist local teams to respond to the crisis

Restoring contact with family who have been separated by the crisis by offering services to maintain family links and locate missing family members

100% of your gift goes straight to Red Cross

Give the World a Shot

\$5 can save a life

If you believe we all deserve equal access to vaccines no matter where in the world we live help UNICEF Give the World A Shot.

\$25 provides 5 vaccines

\$50 provides 10 vaccines

\$100 provides 20 vaccines

100% of your gift goes straight to UNICEF.

Ride through Jordan with one of Intrepid's Founders

Since Intrepid Travel's humble beginnings in 1989, **Geoff Manchester** has helped lead the company's purpose initiatives. Now he wants to lead you on the limited trip of a lifetime through the best that Jordan has to offer. Cycling spots are available for **this discounted trip**, so travellers must commit to raising **AU\$2,000** for The Intrepid Foundation to secure their place. **Departs April 16, 2022**

Jordan is a country as rich in surreal landscapes as it is in archaeological fame. Take a ride through ancient history as you wander the perfectly preserved ruins of Jerash and experience the ridge of Mount Nebo, which promises views of Bethlehem and Jerusalem on a clear day. Between vibrant sands and prehistoric rock formations, it's no surprise Wadi Rum evokes comparisons to Mars. The views may be extraterrestrial, but raising money for an important cause before you go will keep you grounded.

Give the World a Shot

Less than 1% of COVID-19 vaccines worldwide have been delivered to low-income countries.

If you believe we all deserve equal access to vaccines no matter where in the world we live help UNICEF Give the World A Shot.

UNICEF is leading the largest vaccine procurement and supply operation in history as part of the Global COVAX Facility, to ensure health workers, teachers, social workers and the most vulnerable in every country – not just the wealthier ones – are protected, and patients get the urgent medical supplies and oxygen they need.

\$5 can save a life.

Give Now
